Terry Visits Montreal

In mid September, Terry Crawford and myself took the train to Montreal for 3 nights. We stayed at the Royal Terrasse Hotel in Cote des Neiges on the mountain. Visited the Montreal Botanical Gardens at night and went to the Museum of History in the Old City. He enjoyed both activities as well as some shopping and going out to restaurants.

Brodeur's Got Talent

Wow, oh wow! Who knew we had such amazing singers in our family! The Brodeur residence headed on out for their first ever supper and karaoke night at the RCAFA Wing. We enjoyed an awesome meal together while enjoying live music (karaoke of others). We were later greeted by fellow staff who didn't want to miss the talent showcase, Carolyn, Rachel and Ade! Ade even sang a few songs for us!

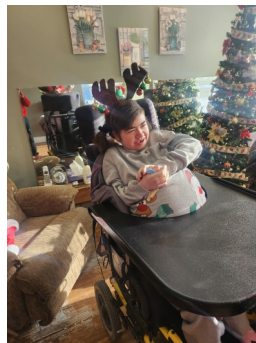

Each individual sang at least one song during karaoke, and they danced their hearts out! We were blown away with the awesome talent that everyone brought to the table and the confidence they had to do it in front of a larger crowd!

With summer winding down, that won't stop our Family from the continuous adventures! Stay tuned to see what we get up to next!

Guess Where Trip!

Mark received a Guess Where Trip for his birthday and took Josh on the adventure with him. They went to the Diefenbunker: Canada's Cold War Museum in Carp, On. That day was Camp day at Tim Hortons, so we made a stop in Kanata. The staff was so nice and gave them each a free t-shirt. Then we finished the day at the Hummingbird Chocolate factory in Almonte, On. For some chocolate and ice cream.

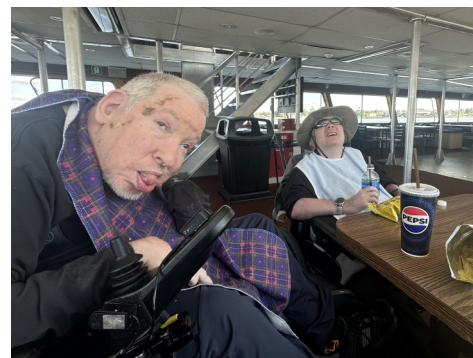

On the 2nd day of the Guess where trip, we went to the Brockville Tunnel had lunch by the water and then went to The Aquatarium to finish off the trip.

There was also a picnic in Morrisburg during the boat festival with live bands and dancing.

To end off the season we went to Ivy Lea Boat Cruises to tour the St. Lawrence River. We then stopped at Don's Fish and Chips where we enjoyed our supper in the park.

Cooking With Ashton

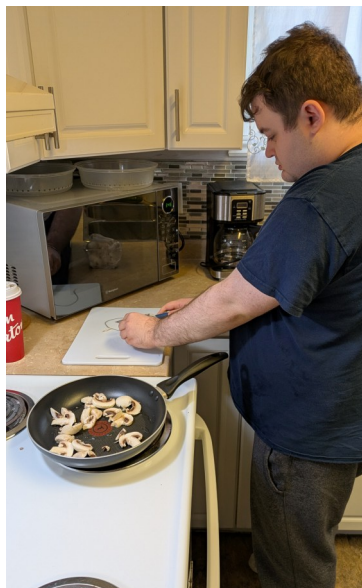

Ashton brought me some mushrooms that he wanted for supper, so I said, "Well, come on then—let's do this together!"

He grabbed a pan, cutting board, and knife, and got right to work. He cut up the mushrooms himself and helped me cook them.

He did so well.

A great Saturday supper time.

An Impromptu Trip To The Experimental Farm

What a beautiful fall day to take in the Experimental Farm in Ottawa (Mike's choice). Mike thoroughly enjoyed all the animals, but especially the goats, the 1 month old calf, the 9 day old piglets (no picture of them) and the chickens. He didn't stop talking about them, the whole way back home.

Isabel recently attended a social luncheon, graciously organized by volunteers from the Seaway Community Health Centre on November 21st. She received a very warm welcome from the group and thoroughly enjoyed the activities provided. These included painting a rock and presenting it to an individual whose name she had drawn, followed by a card game where participants had the opportunity to win a prize. Although she didn't win, Isabel maintained a positive attitude and continued to enjoy herself. Lunch was provided. This program appears to be a wonderful initiative for older adults.

Happy Retirement Jantje!

After more than 44 years, Jantje Helmer retired from CLSC in October of 2025. Jantje made many meaningful contributions to CLSC over the years. She was well known as the agencies historian. You could always count on her to remember something that happened in the past or to pull something from the archives.

We wish her all the best, as she embarks on this new chapter of her life.
